The Burleson City Council recognized the everyday work of City employees with a proclamation designating May 2-8 as Burleson Public Service Recognition Week.

That proclamation states that “public employees strive to serve citizens at the highest possible standard. Work accomplished in all City departments benefits the overall quality of life for the citizenry of Burleson. This is an opportunity to celebrate the everyday work of our local public servants and to improve public understanding of their contributions.”

The City of Burleson staffing includes 303 full-time, 61 part-time and 20 seasonal employees. They provide service in 17 departments: City Manager, City Secretary, Communications, Community Development (building permits and inspections; planning and zoning), Economic Development, Engineering Services, Finance, Fire Department (emergency management), Fire Marshal, Golf Course, Human Resources, Library, Municipal Court, Neighborhood Services (animal services, code enforcement, and environmental services), Parks and Recreation (including the BRiCk), Police Department and Public Works.

For more about the functions and services of each City department, go to the City website, www.burlesontx.com.
