### **City introduces interactive development map**

The City of Burleson introduced its new interactive development map, which will quickly answer resident's questions about any construction project they see in town.

Using the interactive features, users can see projects that have been approved by City Council, under construction and completed for each location. The project's information, along with renderings, are available for each project. City of Burleson staff will update the map as new projects are added or a project's status has been changed.

View the interactive development maps at [www.burlesontx.com/devmaps](http://www.burlesontx.com/devmaps).
