#	RESPONSES	DATE
1	Mountain bike and road bike trails. Fixing pot holes and damaged streets. Economic development to bring business to the area to raise incomes long term.	6/8/2021 8:09 PM
2	Continuing to enhance the bike trails at Chisenhall fields. Also, there are too many dilapidated vacant structures on 174. It makes our city look worn down.	6/8/2021 9:24 AM
3	Mountain bike trails and attractions	6/7/2021 5:46 PM
4	Road projects... Definitely.	6/7/2021 11:06 AM
5	Investing into the mountain bike trails at Chisenhall would be a great return on investment. As it would bring even more people to the city. We have THE fastest drying set of trails in dfw. This is a great asset to the city. If we could add to that trail, more people would ride, and they would invest more revenue into the local businesses.	6/7/2021 9:30 AM

23	Bike trails! Expanding upon the Chissenhall trail system.	6/6/2021 11:32 AM
24	Expanding the bike trails and utilizing the field for some wooden bike features (similar to a skate park, but for bikes). The cycling community is bike in north Texas and the Chisenhall trails are one of the nicer trails around. Any development on the area will only increase the popularity of the city and it's amenities	6/6/2021 11:24 AM
25	Fewer apartments	6/6/2021 8:56 AM

FY 21-22 Budget Input

26	Library, parks; finishing road projects	6/5/2021 10:49 PM
27	Road projects are great. However we do not need all these roundabouts. Plus it seems we are constantly changing the mediums. A better idea would. E to paint them a bright color, like yellow and reflective, so that they are easily recognized at night and during bad weather. Thereby, minimizing damage to public and private property. Also, improving lighting in dark areas of town.	6/4/2021 9:46 PM
28	Repairing and maintaining existing roadways; keeping roads/medians clear of debris, and supporting our local police and firefighters.	6/4/2021 3:49 PM
29	Raises for our fire & police departments. Promotion process in the fire department is inappropriate. Longevity & experience of fire fighters should be considered. Firefighters should not be held back from promotion because administrators feel intimidated. I have heard good reports of administration in the police department. Fire department administration needs to step up.	6/4/2021 3:34 PM
30	No opinion.	6/4/2021 2:12 PM
31	I think we need more things for families and kids to do. We have a ton of different restaurants but very little entertainment for families.	6/4/2021 1:49 PM
32	Amount of traffic/infrastructure on all roads due to influx of people.	6/4/2021 1:08 PM
33	The city needs to stop apartment and housing development. The road infrastructure will not be able to handle the traffic in the next five years and the hometown feel of Burleson will be lost forever. Burleson will now be just like Fort Worth or Dallas. The city should have focused on growing the retail, restaurant and entertainment industry and NOT the population. People would travel from the big surrounding cities to your small city to spend money and then they would leave and go back to where they live. With that approach you keep the hometown feel of Burleson and it is an attractive quality to make it a sought out city for people to visit and enjoyable for people to live and stay here long term. Developing every inch of available ground now will make this a very unpleasant city to live in within a few years because driving to the store will be a giant hassle.	6/4/2021 12:27 PM
34	Paves roads should be retooled in several neighborhoods. My street looks like a huge patchwork area and it really makes the area look trashy. It hasn't been resurfaced in years and I have lived there since 1999.	6/4/2021 12:24 PM
35	Burleson	6/4/2021 12:04 PM
36	Roads are VERY congested on Wiltshire. Code compliance on neighborhoods.	6/4/2021 11:20 AM
37	Add traffic lanes (both directions) on Wilshire from Renfro to Hulen. Widen Renfro from I35 to Centennial HS.	6/4/2021 11:14 AM
38	The streets need marking in many areas. Pot holes fixed properly. We need a are if little shops in old Town line many other towns our size. Really no neat little stores in sold Town so we can eat and shop. I love the Vera Calvin Oatk it is wonderful snd used a lot.	6/4/2021 9:39 AM
39	Traffic flow improvement. Consideration of Senior Citizens in park & recreation design, usage.	6/4/2021 9:30 AM
40	Our police and fire departments are vital to the city's well being.	6/4/2021 9:13 AM
41	street flooding, reduce inflated spending on city projects, reduction in approval of any additional new apartment complexes, higher presence of Game Warden at Bailey and surrounding lakes. Reduce school taxes.	6/4/2021 9:03 AM
42	I'm unsure if this is within the realm of influence or control, but Burleson is severely lacking in the realm of entertainment. We have restaurants, bars, & banks galore, but no place for family entertainment besides the movie theater. Something like Pinstack or Main Event would be great!	6/4/2021 8:27 AM
43	Repairing or fixing the roads as there are way too many potholes.	6/4/2021 8:22 AM
44	Repair the streets/roads that are in desperate need of fixing	6/4/2021 8:19 AM
45	Become more bicycle friendly - encourage more bicycle travel	6/4/2021 8:00 AM
46	Dog Park	6/4/2021 7:42 AM

FY 21-22 Budget Input

47	Keep our first responders first! And do something to help our traffic situation!	6/4/2021 7:42 AM
48	Continued infrastructure (roads etc.) maintenance and environmental improvements (flower beds) enhancements to 174; improving city physically and visually	6/4/2021 7:35 AM
49	Reducing crime - there are too many apartments. Burluson has grown and there needs to be a greater presence around town and in schools. We now have big city problems. I fear for our safety walking down the street and would never allow children to walk home from school. God bless and guide our first responders and city leaders. Thank you for taking our input.	6/4/2021 7:14 AM
50	Senior activities - Covid did not help the senior mental health at all!!	6/4/2021 6:57 AM
51	We could really use some more biking trails or maybe even a pump track. Chisenhall is great, but it's not a lot for our enormous biking community. As of right now, most of us have to bike outside of the community to really get a good ride in. Our city is so beautiful and there is plenty of opportunity and space for such course/tracks. It would be wonderful to have something more inviting, locally. The community is really expansive. There are multiple local Facebook pages and meetups that happen near daily.	6/4/2021 1:56 AM
52	Fixing road pavement	6/3/2021 10:26 PM
53	ROAD REPAIR	6/3/2021 7:39 PM

61	Roads are already too packed and there are still more new apartment complexes going up...	6/2/2021 10:28 AM

63	Keep up with inter structures	6/2/2021 9:31 AM
64	road projects in order to alleviate traffic on 174	6/2/2021 9:28 AM
65	Traffic	6/2/2021 8:07 AM
66	Traffic control	6/2/2021 8:05 AM
67	Library programming and expansion of facilities.	6/2/2021 7:43 AM
68	Something for kids 8 to 16 years old to do. Not all kids play ball of some kind.	6/2/2021 7:33 AM
69	Parks should have poop bags refilled. Several times that I went to the park with my dog the "holders" were empty. The Police department should be given money to ensure that they have all of the equipment and vehicles that are needed by these brave people who protect our city on a daily basis. Also, see if there are any upgrades that the offers in the headquarters needed.	6/2/2021 12:32 AM
70	Road projects	6/2/2021 12:21 AM
71	Staffing a larger police department due to the growth within the city	6/2/2021 12:02 AM
72	roads and hidden creek golf course	6/1/2021 11:36 PM
73	Bring businesses in that provide fun for teens and families	6/1/2021 11:27 PM
74	Side walks in neighborhoods without sidewalks.	6/1/2021 11:22 PM
75	Would love to see the city focus on bringing building codes up to higher standards, and STOP granting SF7 developments where huge homes are put on tiny pieces of lot sizes	6/1/2021 10:48 PM
76	Don't reduce police department funding. If possible, increase it.	6/1/2021 10:23 PM

FY 21-22 Budget Input

77	Street lighting	6/1/2021 10:21 PM
78	Parks	6/1/2021 10:07 PM
79	Senior activities	6/1/2021 9:51 PM

81	Park improvements, Visual aesthetics around town, road repair	6/1/2021 9:45 PM

85	Traffic flow Responsible Growth Management Economic Business Development of Hwy 174 and Highpoint Industrial Park (without tax abatements)	6/1/2021 8:39 PM

91	We need better parks and better roads. As in we need to manage traffic better	6/1/2021 7:50 PM
92	Park amenities like pavilions or shade. Police resources and neighborhood patrol increase	6/1/2021 7:34 PM
93	Fix what needs to be fixed first then explore more beneficial changes to the town.	6/1/2021 7:30 PM
94	Abandoned businesses	6/1/2021 6:51 PM
95	Parks that supply things for teenagers to do and also potholes, so many roads here have huge huge potholes in them for months.	6/1/2021 5:53 PM

97	park amenities	6/1/2021 4:44 PM
98	Splash park that does not cost the citizens to get into	6/1/2021 4:43 PM
99	Bluebird Meadows neighborhood is the farthest away from any city service. The city needs to invest in making improvements to infrastructure to the immediate area around the neighborhood like Sidewalks and roads that surround the neighborhood.	6/1/2021 4:15 PM
100	Park amenities	6/1/2021 3:41 PM
101	Clean up the run down/ abandoned buildings. Traffic is getting out of control.	6/1/2021 2:47 PM
102	Keep rural areas and parks around Burleson	6/1/2021 2:47 PM
103	We need a dog park. A turfed, well managed, and large enough dog park for larger dogs to run around, with a smaller area for smaller dogs. We should look into more electric vehicle charging to encourage Burleson as a destination for electric vehicles to charge. This brings in business and is good for encouraging a move to a more renewable resource.	6/1/2021 2:46 PM
104	Traffic! The roads are so congested.	6/1/2021 2:43 PM
105	Better control and widening of 174 from Elk drive south should be a priority. Also maintaining our infrastructure. I feel police and fire need to be maintained as well.	6/1/2021 2:34 PM
106	Activities for children, especially with indoor options. Affordable.	6/1/2021 2:26 PM
107	Again front and center, emergency plan for municipal shelter so we don't have another snowmageddon disaster.	6/1/2021 1:53 PM

FY 21-22 Budget Input

108	Many roads are getting large cracks/potholes after the snow, ice and rain. They should get priority. Also, green areas at the entrance into neighborhoods get unsightly without proper upkeep. They should be under contract with groundskeepers/landscapers.	6/1/2021 1:51 PM
109	Things for the city to do instead of new buidlings being built!	6/1/2021 1:47 PM

113	Covered parks. More police with higher salaries.	6/1/2021 1:27 PM
114	Animal services, shelter upgrades, emergency vet services, police response time to dangerous instances (they never responded to a call about a shooting in a residential neighborhood), police presence in school zones-particularly Kerr Middle School, local political education for upcoming elections, programs to get citizens more involved in the fundamentals and economic development of our city, encouragement of residents to attend city council meetings and adjust verbiage to make it more understandable to the common people, advance media for the public regarding expansions, repairs, new builds, future events, etc.	6/1/2021 1:23 PM

118	No	6/1/2021 12:51 PM
119	Restrooms at parks, fixing road damage	6/1/2021 12:49 PM
120	The roads within the City of Burleson are poorly taken care of and neglected. The fixes to them are clearly incorrect and make the problem worse. The county use to care for our roads and they never had damage to them for more than a week or two and were repaired properly. Now they are destroyed and causing damage to everyone's vehicles.	6/1/2021 12:46 PM
121	Economic Development	6/1/2021 12:44 PM
122	Free splash pad, better park equipment for kids	6/1/2021 12:37 PM
123	Roads need repair especially Hulen to ST 1016	6/1/2021 12:37 PM
124	Dog Park! Preferably an off leash dog Park.	6/1/2021 12:36 PM
125	Activities for children. If you want to keep the town nice and attractive and family friendly, then you need to invest in FAMILIES. Give the children and families nice amenities: parks, invest in the library and it's programs, get the community working together. Have code compliance do their job by keeping the town nice and QUIET-not allowing rock concerts most nights of the week in residential neighborhoods. You set the tone for what you want the town to be like. If all you care about is endorsing the town for businesses and money it will drastically take out the family element. If I want to go to a restaurant or shop or attend a concert I can drive to that. If I want a safe, family friendly town to raise my children the city needs to be on board with providing that. Police and fire and roads are ALWAYS provided for in budgets. We need to take families off the back burner and provide more infrastructure for these familial units to grow.	6/1/2021 12:35 PM
126	Less Sidewalks, why are we putting them all over town. Fix Potholes first and several side streets drove daily first. Irene, Thomas, Hillside Drive, Renfro- major street traffic	6/1/2021 12:27 PM
127	Traffic control	6/1/2021 12:26 PM
128	Public transportation	6/1/2021 12:24 PM
129	Speed/traffic control around neighborhood school zones, park amenities (restrooms and playground shades/equipment), road improvements, nutrition programs for low income families and employment assistance	6/1/2021 12:21 PM
130	Take out the trees on wilshire they are traffic hazards because you cannot see around them when making turns southbound to northbound	6/1/2021 12:04 PM

131	A more noticeable sign for the right turn lane ending right before BHS. It is way too common to see people do illegal left turns in the right turn lane last minute! 134	City wide text alerts. Notifying the public when they are in immediate danger and have no idea fugitives are on foot in their area. Example. Robin Waddell's life could have been saved if she and her family had known they were in danger.	5/18/2021 7:04 PM

161	Redoing Alsbury, the road is awful. Get Union Pacific to repair the railroad crossing Dog park we were promised years ago.	5/12/2021 4:31 PM
162	the city needs a dog park so that other parks are not over taken by dog walkers that do not pick up after there dogs mess. Along with a specific bike park that can handle large number of bikes verses having walker run over by bike riding people.	5/12/2021 4:13 PM
163	Infrastructure will be extremely important since the city is growing so much.	5/8/2021 6:25 PM
164	Provide land & business tax waivers (land, electric, water) to "Top Golf" persuading them to come to Bureson. Economic development, land a big fish more will follow!!!	5/8/2021 10:41 AM
165	More roundabouts. - Seriously. They are great - when done well. The one by the Brick Sucks because it is so tiny. Still, there are so many intersections that could better serve the community by a better flow of traffic - if a roundabout doesn't fit due to space, then work on better timing of the lights - think "Pittsburgh Left" - look it up - it makes for a better flow of traffic. Also, have a billboard campaign on how to use roundabouts along with other educational material.	5/8/2021 7:46 AM
166	Add a light or 4 way stop sign on Alsbury at Morgan. Too many accidents and close calls with vehicles and bikers/walkers. No more Apartments!!! Please remove the ridiculous round about on Summercrest.	5/8/2021 5:59 AM

170	Park amenities. Continuing to update parks with new and safe equipment and access for families. Our town is continually attracting young families and families of preteens and teens. By providing parks and amenities for the families we can see kids grow here mentally and emotionally. I own the local FIT4MOM Bureson Crowley and am SO thankful to be using the parks with support from the city. It makes a HUGE difference meeting and gathering in local parks then it would our own gym. I want to continue to support the city in park development! Environmental, continuing to encourage recycling and cleaning up our city. Streets and traffic control as our city continues to grow in the next year.	5/6/2021 7:47 AM
171	Finish road projects	5/6/2021 7:24 AM
172	Fix the bottle neck from Elk drive to John Jones on 174. It's terrible to drive through there, especially at rush hour.	5/6/2021 1:52 AM
173	Would love to have a stop sign put in at Lakewood and Buffalo run. People fly down Lakewood now, since that street has opened up to the back roads. Would also love a turn lane on 174 for turning onto Ranchway Dr. People use the shoulder to turn, since there is not turn lane and I have seen people get cut off several times when taking my kids to school. Would love to see more things added for kids and adults like a roller skating rink or bowling alley. We love our police and other emergency services. So anything that will help them!	5/5/2021 9:46 PM
174	Need fiber optic /internet for all areas. Lived here for 24 years but no internet. It's available across the street which does not connect to Broad Valley Ct or Broad Valley Dr.	5/5/2021 8:21 PM

I also recommend continuing the upstate to old town. It gives a modern vibe to the historical downtown.	5/5/2021 2:04 PM
