

RESIDENTIAL PRV REBATE PROGRAM APPLICATION

REBATE PROGRAM GUIDELINES

- Participant must currently own and have a City of Burleson water utility account in good standing for the property where installation of qualifying item is to occur.
- This program is for residents only; tenant and commercial requests will not be eligible.
- Residence must have been built prior to 2000 in the Mountain Valley Pressure Plane and prior to 2007 in the Upper Pressure Plane.
- Residence must not already have a Pressure Reducing Valve (PRV) installed.
- Home must have a current pressure over 80 psi according to the Burleson Water Pressure map found at www.burlesontx.com/PRVrebate or have confirmed pressure above 80 psi to be eligible for the PRV rebate. Also, a search tool is available to find out if you are eligible.
- Only PRV's that reduce pressure in the house, not the irrigation system exclusively, to 80 psi are eligible for a rebate.
- Applications must be received within 90 days of installing a PRV for the house.
- Limit one PRV rebate for the lifetime of a residence.
- Any PRV must be installed by a licensed plumber that is registered in the City of Burleson. For an up to date list of registered plumbers, go to www.burlesontx.com/PRVrebate.
- A plumbing permit is required to install a PRV
- An inspection of completed work will be performed by City of Burleson building inspectors prior to a rebate being issued.
- The associated plumbing permit must be dated prior to December 1, 2013 to be eligible for a rebate.

REBATE PROGRAM INSTRUCTIONS
