1	Roads are starting to show major signs of wear which I feel is due to increased community load and also all the construction which is just part of the growing process. The city might have to do some traffic planning soon with all the growth we have seen.	6/2/2023 11:10 AM

Look at Summercrest! Matterress, carpet everytime someone moves out. Pure trash. We need families/people investing in Burlison. Not these investors that own property who has never even been here. We would be a much better city if it were not for the all inclusiveness of the midget mayor Ken Shetter. Get the wandering kids off the streets where families can feel safe!!!!	6/2/2023 11:02 AM

48	Don't take the lowest bid on projects and received quality work	5/26/2023 8:45 AM

101	I think the city needs one of those grapple truck things to make for quick tree removal after storms. I think they should buy large boom mowing tractor to keep the trees mowed back on all the rural roads that are in city limits. It's hard to see down the over grown roads. I also think the City of Burleson should do a 10 to 20 percent cost of living raise for all employees. Seems like the city is having a hard time retaining employees. I think that would help.	5/15/2023 12:29 PM
